OUR GREEN SOUL

Our dispensers features

ENVIRONMENTAL BENEFITS

- bottles made from 100% post consumer recycled plastic
- no new plastic
- dispensers easily recyclable after use
- typically reduces waste by at least 60%
- low carbon footprint

ECONOMIC BENEFITS

- low “cost in use”; no wasted liquids or pilferage
- easy to maintain
- reduced labour time required
- reduced labour cost

FORMULA

- ingredients predominantly from natural, botanical sources
- light unisex fragrance
- ethical and sustainable sourced
- complies with Australian, New Zealand and European cosmetic regulation; therefore, the cosmetics are not tested on animals

HYGIENE

- tamper proof sealed dispensers
- sealed dispensers ensure the integrity of all liquids
- a batch number guarantees quality and traceability
- easy to keep clean with daily spray of hard surface sanitizer

BENEFITS THROUGH DESIGN

- ergonomic easy to use action
- sealed dispensers have excellent customer approval rating
- less storage space required for stock
- Made in Italy

BRACKETS

- made from strong ABS plastic
- screw or self adhesive fixing
- automatic lock mechanism secures dispensers
- easy to open with bespoke key
- discrete design, hardly visible brackets
- fast and easy to install, instructions and sighting guide provided

LOW CARBON FOOTPRINT

PACKAGING WASTE
IS TYPICALLY REDUCED BY 60%
